About Clipper

Clipper Contracting Group was established with one thing in mind; to provide the highest levels of customer service for the provision of financial solutions to temporary workers.

With over 25 years' experience within the recruitment industry, the founders of Clipper Contracting Group had experienced first-hand the levels of service within the industry and set out to provide a more dynamic and modern solution.

Clipper Contracting Group has solutions to suit all temporary workers to help them maximise their income and enable them to administer and organise their weekly pay. Our accountancy company, Quba Accountants can also assist with the set-up and administration of limited companies. Our approach allows total peace of mind for the temporary worker, allowing them to go about their business confident in the knowledge that Clipper Contracting Group is looking after them. Our head office in Dorset is home to our employee onboarding and payroll teams and equipped to deal with all day to day enquiries, assistance with new registrations and most importantly; effectively manage weekly payments.

The senior management team have a wealth of relevant experience. Rik King, Director, has twelve years previous experience for a multi-national FTSE recruitment company and has managed numerous offices and regions. Ashley Lyas, Director, also has a recruitment background, having built a multi-million pound recruitment team within one of the UK's top four recruitment companies. It is this experience that has helped shape Clipper Contracting Group into the organisation which it is today and has also enabled us to be admitted to the PSLs for most of the UK's leading recruitment corporations. This has all been made possible by our focus on compliance. We are constantly adapting to new laws and regulations and undergo regular self-audits by one of the 'big four' FTSE accountancy companies. This ensures we're at the forefront of compliance to protect your business.

Having experienced working first hand with a number of our competitors, the directors are determined to run a company that brings genuine benefit to our temporary workers and a hassle-free service to our clients.

FCSA has worked closely with member organisations and key stakeholders (HMRC, HMT, DBMT, REC, APSCo, CBI, TEAM and more) to create a dedicated compliance Code to encompass the range of businesses that operate in the service provider sector. These include professional employment businesses (sometimes referred to as umbrella companies) and businesses providing support and accountancy services to small limited companies. Adhering to the compliance Code (independently reviewed and tested) demonstrates that members are acting both professionally and ethically within the UK tax, employment, and regulatory laws. Coupled with financial stability tests, the FCSA Compliance Code is a model of self-regulation and proof that professional businesses can take the lead in delivering the highest levels of industry standards.
